(c) the initiative the Department of Fertilizers has so far taken as the nodal agency to coordinate the import of fertilizers and its prices alongwith the role of other agencies, namely STC, MMTC, NFL, PPCL in this regard"

THE MINISTER OF CHEMICALS AND FERTILIZERS (SHRI RAM LAKHAN SINGH YADAV): (a) to (c) No proposal for setting up an Interagency Body to regulate imports on urea has been under consideration of the Government.

The Stccrings Committe of Secretaries (SCOS) decides quantum of imports of urea after assessing the requirement. Based on the decision of SCOS, authorisations are given to the canalising agents. The arrivals are monitored and reviewed periodically by an later-Ministerial Committee in the Dcptt. of Fertilizers in which canalising agents, Transchart and Ministry of Agriculture arc also represented. This arrangement has been working well. During the year 1995-96, urea imports have been regular and arrivals upto November '95, have been higher than the corresponding period of previous year.

The Inter-Ministerial Committee reviews agency-wisc performance against the targets which arc fixed on a monthly basis. It also takes stock of the international availability and prevailing prices. The Committee has given general guidelines to the canalising agents to maintain close coordination with each other and purchase urea at internationally competitive prices. The final decision is, however, made by the canalising agents who arc public sector undertakings of Govt, of India and who have the requisite commercial acumen to take such decisions.
